d. Does this company have an account with SWA?	Yes No      Account No. _____

**5. CERTIFICATION OF GENERATOR STATUS**

As the owner, direct employee of this business, or person generating these waste materials (Generator), I certify that the above information is true and correct. I further certify that the entity I represent is a Very Small Quantity Generator (VSQG) pursuant to 40 CFR 261.5; that said entity will not generate more than 100 kg (220 lb) of hazardous waste or 1 kg (2.2 lb) of acute hazardous waste; nor accumulate more than 1,000 kg (2200 lb) of hazardous waste in this calendar month; and that said entity will not deliver hazardous wastes to this facility in any month in which regulated quantities are generated.

I understand that it is the responsibility of the Generator to comply with all applicable Federal, State, and local regulations concerning hazardous waste management. I further understand that if the Generator does not meet all the requirements, or generates hazardous wastes in quantities greater than those specified in 40 CFR 261.5, the Generator will no longer qualify as a VSQG and can no longer use this service. Acceptance of these materials is solely at the Authority's discretion; this registration in no way obligates the Authority to accept any amount of non-municipal wastes. It is the Generators responsibility to notify the Solid Waste Authority of any change in regulatory status as outlined in 40 CFR 261.5
