

**Solid Waste Authority of Palm Beach County (SWA)  
2020 Storm Response Contact Information**

You are a valued partner in providing the highest level of emergency preparedness and response after a storm for the residents of Palm Beach County. So, we are asking you to update your organization's contact information with us for the 2020 hurricane season.

Please list the designated team member(s) assigned by your municipality or governmental agency responsible for overseeing the debris monitoring and collection activity in the event of a natural disaster. The SWA needs this information to immediately notify them should there be any concerns or needed information regarding the storm debris removal response or other related concerns that require immediate attention. This information will benefit all parties by enabling us to address any and all concerns with the best contact and in a timely manner.

Thank you very much in advance for your time and attention in providing the information requested below. Please print clearly (typing preferred) and email this form at your earliest convenience to Willie Puz, Director Public Affairs and Recycling at [wpuz@swa.org](mailto:wpuz@swa.org).
