The Solid Waste Authority of Palm Beach County and Resource Depot have long been partners in promoting Palm Beach County residents to Reduce, Reuse, Recycle and Rethink how we dispose of our waste. This summer, we are debuting a new family-friendly, month-long event to engage the community in a hunt to discover the many local “gems” that make Palm Beach County a great GREEN place to live!

The SWA 4R Scavenger Hunt is a task-oriented experience that challenges participants to complete “missions” on location at the SWA Greenway Trail System, at their homes and places of business, and at special stops (Ports of Call) around our community. Using an app-based platform, teams of competitors will earn points for submitting photos/videos of themselves at various checkpoints, by answering trivia questions, and completing challenges to stay a step ahead of their competition. The SWA 4R Scavenger Hunt includes a stop at Resource Depot, where participants receive a special commemorative coin as one of their “treasuREs” for participating. The SWA 4R Scavenger Hunt awards will be presented through a virtual event. “TreasuRE” prizes will be awarded to the team with 1st, 2nd, 3rd point totals, as well as the team with the most unique mission submissions during the scavenger hunt. Additional “booty” prizes will awarded based on random drawings from all entries received.

We hope you will consider supporting this event in one of two ways:

- **Become an SWA 4R Scavenger Hunt Destination!** Your business is featured as one of the mission locations (Ports of Call) that participants visit to earn points. You can design a challenge that is unique to your business – perhaps take a picture with the most popular item on your menu, or answer a trivia question about your founder.
- **Donate a prize as a Loot Sponsor** to reward our participating teams for their dedication to learning about reducing waste and recycling issues. Prizes from businesses and organizations such as yours will drive participation in the event, as well as encourage our scavenger hunters to become new patrons.

Proceeds from the SWA 4R Scavenger Hunt benefit Resource Depot, a not-for-profit creative reuse center in Palm Beach County that collects and distributes unwanted reusable materials to the arts and education communities. Last year, Resource Depot kept almost 200,000 pounds of reusable supplies out of our landfill and put them in the hands of those students, artists and teachers who could use them most.

We invite you to support this unique fundraiser that provides an opportunity for safe, physically-distanced outdoor fun that the whole family can enjoy!

Looking forward to pARRRRtnering with you,

Whenever a Crew completes a mission, it’s added to the activity feed and the rankings are automatically updated.

Registered players log into the GooseChase App (available through iPhone or Android) and use their specific game code to join the SWA 4R Scavenger Hunt.

Once they set up their Crew, they are ready to begin to complete the missions as they are released throughout the event. Each mission has a name, description and point value, with the option of including a link or a photo to provide information to complete the challenges.

To complete a mission, Crews select it from the list and follow the instructions to receive the allotted points.

Sometimes they will be submitting a photo or video, while other times they will be checking-in at a specific location or solving a puzzle or riddle.

Bonus points will be awarded along the way for completing special missions or if the Crew’s submission is extra impressive. So it’s a race to the finish!

Prizes will be awarded for the top ranked teams by points as well as many surprise giveaways for completing specific missions at our Loot Giveaway Virtual Event at the close of the SWA 4R Scavenger Hunt.
