

HOW IT WORKS...

Registered players log into the GooseChase App (available through iPhone or Android) and use their specific game code to join the **SWA 4R Scavenger Hunt**

Once they set up their Crew, they are ready to begin to complete the missions as they are released throughout the event. Each mission has a name, description and point value, with the option of including a link or a photo to provide information to complete the challenges.

To complete a mission, Crews select it from the list and follow the instructions to receive the allotted points.

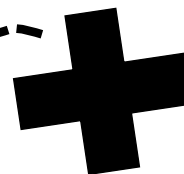

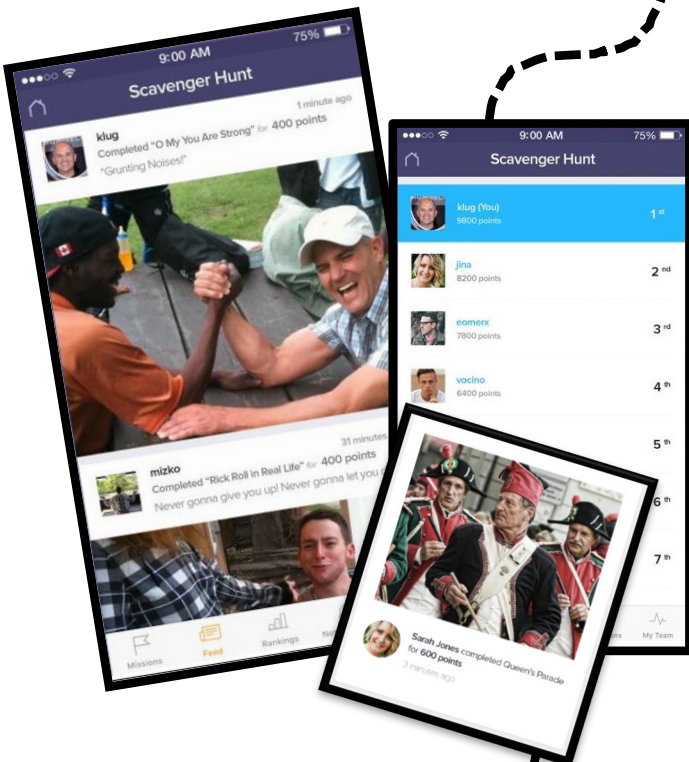

Sometimes they will be submitting a photo or video, while other times they will be checking-in at a specific location or solving a puzzle or riddle.

Whenever a Crew completes a mission, it's added to the activity feed and the rankings are automatically updated.

Bonus points will be awarded along the way for completing special missions or if the Crew's submission is extra impressive. So it's a race to the finish!

Prizes will be awarded for the top ranked teams by points as well as many surprise giveaways for completing specific missions at our Loot Giveaway Virtual Event at the close of the **SWA 4R Scavenger Hunt**
