MAKING THE DIY TIC TAC TOE GAME

CUT THE WOOD (Adults only)

This will depend on the wood scraps you have, and the size of board you want, but here is my cut list:

- One 9" x 9.5" (.75in) Plywood
- One 9.5" (.75 x 1.5 in.) Poplar Wood Scrap
- Two 8.25" (.75 x 1.5 in.) Poplar Wood Scrap
- One 8" (.75 x 1.5 in.) Poplar Wood Scrap
- Twelve 2.25 x 2.625 in. Scrap Wood Blocks

I used a miter saw to cut these pieces. Each piece should be sanded well:

STAIN THE WOOD

I chose a wood stain in the color Kona. Be sure to wear gloves. Apply the stain with a cloth wiping with the grain. I placed them on a cardboard box to dry.

After they were completely dry, I took a clean cloth and wiped off excess stain and debris.

ASSEMBLE THE BOARD

Use a strong wood glue to glue the sides onto the board. Be sure to place glue on both ends and allow it to dry completely.

CREATE YOUR LETTERS

You will need to paint (6) six wood blocks with an "X" and (6) six wood blocks with an "O". Next take your 2" letter stencil, and center the letter's (X or O) on each block, then apply the white paint. Allow the paint to dry completely before use.

Look how it turned out... Have Fun!

Stay tuned for next month's Virtual Volunteer [#OneGreenThings](#) Opportunity!
