ATTENTION CUSTOMERS

- ALL VEHICLE LOADS MUST BE PROPERLY **SECURED**:

A \$10.00 fee per load will be assessed to all loads appearing to cause falling debris and litter. Fees collected for unsecured loads are used to offset the costs to clean up debris at Solid Waste Authority facilities and surrounding areas. Thank you for your help and understanding in this matter.

- DISPOSAL TICKET COPIES

The driver receives a copy of the disposal ticket upon delivery of the waste load. It is the responsibility of the driver to retain the ticket and to deliver it to the company for their records. Upon request, credit customers will be allotted 5 copies of disposal tickets each fiscal year (Oct 1 to Sept 30) at no charge. Each additional disposal ticket copy will be charged \$2.00 per ticket. There will be *no charge* for any copy of the ticket is determined to be an erroneous charge on the customer's account.

- LETTERS OF AUTHORIZATION

A letter of authorization is required to allow someone else to charge on your account. When you need to use a subcontractor, a rental truck or if the registration of the vehicle does not match the name on the account an original signed letter giving permission to use the account must be provided for each load. The letter must be an original on company letterhead including:

- i. Today's Date
- ii. Account Number
- iii. To whom the authorization is given, including name, company name and type of vehicle
- iv. Name and signature of person giving authorization

An original letter must be brought with *each* load therefore, if the driver will be bringing 5 loads for the day, he will need 5 letters.

RE: Vehicle Weigh Out

Effective October 1, 2013

Please be advised that if the Solid Waste Authority does not have a tare weight on file for your vehicle that the transactions will no longer be corrected as we had offered in past years.

Your driver is required to weigh out after disposing of debris at the sites. This information is indicated on the scale ticket in English and Spanish. On many occasions drivers have chosen to not weigh out and have taken the bypass scale resulting in a tare weight of zero and a much higher charge for the load. As a courtesy we have manually been updating these scale tickets to accommodate an average charge. Due to the administrative time involved, we can no longer provide this accommodation.

Failure of a driver operating a vehicle without a Solid Waste Authority disposal decal and neglecting to weigh the vehicle exiting the facility will result in your company being charged the total incoming weigh amount (vehicle and load combined). Your driver can obtain a decal for the vehicle by simply telling the weigh master upon entry to our facility that they need a decal and the driver will be instructed on procedures to follow accordingly.

Please meet and speak with your drivers regarding their responsibility upon entering and leaving our facilities.
